

Total Voice Service Agreement Terms and Conditions

These terms and conditions, along with the pricing and products and services described on Cyber Solutions' website, along with the agreement you executed with Cyber Solutions, constitute the Agreement ("Agreement") between Cyber Solutions, Inc. ("Cyber Solutions", "we", or "us") and the user ("you," "user" or "Customer") of Cyber Solutions' business communications services and any related products or services ("Service"). This Agreement governs both the Service and any equipment, such as a Multimedia Terminal Adapter, Analog Telephone Adapter or any other IP connection Equipment, used in conjunction with the Service and it applies to all lines on each Cyber Solutions account. Cyber Solutions may, at its discretion and without notice, modify, change, add to or omit any terms and conditions in this Agreement without advance notice to you. Your use of this Service after one (1) full billing cycle constitutes your agreement to such changes. Upon request, Cyber Solutions will mail to you a paper copy of this Agreement. This Agreement shall be effective the later of (i) the date it is signed by Cyber Solutions) or (ii) you first begin to use the Service (the "Effective Date").

BY ACTIVATING OR USING THE SERVICE, YOU REPRESENT THAT YOU ARE OF LEGAL AGE TO ENTER INTO THIS AGREEMENT AND THAT YOU HAVE READ AND UNDERSTAND FULLY ITS TERMS AND CONDITIONS. YOU WAIVE ANY RIGHT TO TRIAL BY JURY TO RESOLVE ANY DISPUTES THAT MAY ARISE UNDER OR IN CONNECTION WITH THIS AGREEMENT.

1. EMERGENCY SERVICES - 911 DIALING

YOU SHOULD BE AWARE THAT THERE ARE SOME CIRCUMSTANCES UNDER WHICH YOUR E911 SERVICE MAY NOT BE AVAILABLE OR MAY BE LIMITED IN SOME WAY. EXAMPLES OF THE LIMITATIONS OF YOUR E911 SERVICE WHEN COMPARED TO A TRADITIONAL TELEPHONE SERVICE ARE LISTED IN THIS SECTION. YOU ARE STRONGLY ADVISED TO FAMILIARIZE YOURSELF WITH THIS SECTION AND DISCUSS IT WITH YOUR CYBER SOLUTIONS REPRESENTATIVE IF THERE IS ANYTHING YOU FIND CONFUSING OR YOU DO NOT UNDERSTAND.

1.1 911 Dialing. All of our customers have access to either basic 911 or Enhanced 911 (E911) service. With E911 service, when you dial 911, your telephone number and registered address are simultaneously sent to the local emergency center assigned to your location, and emergency operators have access to the information they need to send help and call you back if necessary. Customers have basic 911 in locations where the emergency center is not equipped to receive your telephone number and address. With basic 911, the local emergency operator(s) answering the call will not have your call back number or your exact location, so you must be prepared to give them this information. Until you give the operator(s) your phone number, he/she may not be able to call you back or dispatch help if the call is not completed or is not forwarded, is dropped or disconnected, or if you are unable to speak.

You authorize us to disclose your name and address to third parties involved with providing 911 Dialing to you, including, without limitation, call routers, call centers and local emergency centers.

1.2 Notify All Users. YOU SHOULD INFORM ANY CUSTOMERS, EMPLOYEES, GUESTS OR OTHER THIRD PERSONS WHO MAY BE PRESENT AT THE PHYSICAL LOCATION WHERE YOU UTILIZE THE SERVICE OF THE IMPORTANT DIFFERENCE IN, AND LIMITATIONS OF, CYBER SOLUTIONS 911 DIALING AS COMPARED WITH TRADITIONAL BASIC 911 OR E911.

1.3 Location of Service. This Service is provided at a specific permanent address and not available as a nomadic offering. Before you move to another location, you must notify Cyber Solutions to determine if service can be provided at your new permanent address. **If you attempt to use the Service without notifying Cyber Solutions and receiving our permission, emergency personnel may not be able to locate you to adequately respond to an emergency. Even with E911, emergency personnel may be dispatched at the address listed with us and not the address where you use the service if you fail to follow the requirements of this paragraph.**

1.4 Confirmation of Activation Required. Your 911 Dialing feature will not be activated for any phone line that you are using with the Service, UNLESS AND UNTIL YOU RECEIVE AN EMAIL FROM CYBER SOLUTIONS CONFIRMING THE 911 DIALING FEATURE HAS BEEN ACTIVATED FOR THAT PHONE LINE.

1.5 Service Outages.

(a) Service Outages Due to Power Failure or Disruption. Dependent upon your location, network backup power systems may be in place during the event of a power failure. The equipment provided may also provide limited battery backup. Consult with Cyber Solutions to determine whether or not your equipment has battery backup.

i. Equipment with battery backup. Battery backup on qualifying equipment is limited. Excessive use during a power outage will result in shortened life of the internal battery. The equipment may provide indication of low battery voltage. Customer should contact Cyber Solutions for instructions or replacement. Failure of network power backup systems or the internal backup system during a power failure or disruption will prevent all Service, including 911 dialing, from functioning.

ii. Equipment without battery backup. Equipment that does not have a battery backup cannot support 911 dialing in event of a power failure or disruption. If there is an interruption in the power supply, the Service, including 911 Dialing will not function until power is restored. Following a power failure or disruption, you may need to reset or reconfigure the equipment prior to utilizing the Service, including 911 Dialing.

(b) Service Outages Due to Internet Outage or Suspension or Disconnection of Broadband Service or ISP Service. Service Outages due to Internet Outage or Suspension or Disconnect of Broadband Service or ISP will prevent all Service, including 911 dialing, from functioning. You understand you must obtain your own Internet connection to use the Service. We may not control your Internet access or the quality of your Internet connection. We are not responsible for problems caused by your Internet connection or for any third-party products or service, nor will we contact any third party providers on your behalf.

(c) Service Outage Due to Disconnection of Your Cyber Solutions Account. Service outages due to disconnection of your account will prevent all Service, including 911 Dialing, from functioning.

(d) Service Outages Due to ISP or Broadband Provider Blocking of Ports or Other Acts. Your ISP or broadband provider or other third party may intentionally or inadvertently block the ports over which the Service is provided or otherwise impede the usage of the Service. In that event, provided that you alert us to this situation, we will attempt to work with you to resolve the issue. During the period that the ports are being blocked or your Service is impeded, and unless and until the blocking or impediment is removed or the blocking or impediment is otherwise resolved, your Service, including the 911 Dialing feature, may not function. You acknowledge that Cyber Solutions is not responsible for the blocking of ports by your ISP or broadband provider or any other impediment to your usage of the Service, and any loss of Service, including 911 Dialing, which may result. In the event you lose Service as a result of blocking of ports or any other impediment to your usage of the Service, you will continue to be responsible for payment of the Service charges unless and until you disconnect the Service in accordance with this Agreement.

(e) Other Service Outages. If there is a Service outage for any reason, such outage will prevent all Service, including 911 Dialing, from functioning. SUCH OUTAGES MAY OCCUR FOR A VARIETY OF REASONS, INCLUDING, BUT NOT LIMITED TO, THOSE REASONS DESCRIBED ELSEWHERE IN THIS AGREEMENT.

1.6 Network Congestion; Reduced Speed for Routing or Answering 911 Dialing Calls. There may be a greater possibility of network congestion and/or reduced speed in the routing of a 911 Dialing call made utilizing the Service as compared to traditional 911 dialing over traditional public telephone networks.

1.7 Disclaimer of Liability and Indemnification. We do not have any control over whether, or the manner in which, calls using your 911 Dialing service are answered or addressed by any emergency response center. We disclaim all responsibility for the conduct of local emergency response centers and the national emergency calling center. We rely on third parties to assist us in routing 911 Dialing calls to local emergency response centers and to a national emergency calling center. We disclaim any and all liability or responsibility in the event such third party data used to route calls is incorrect or yields an erroneous result. **NEITHER CYBER SOLUTIONS NOR ITS OFFICERS, DIRECTORS, EMPLOYEES, AFFILIATES, OR AGENTS MAY BE HELD LIABLE FOR ANY CLAIM, DAMAGE, OR LOSS, AND YOU HEREBY WAIVE ANY AND ALL SUCH CLAIMS OR CAUSES OF ACTION, ARISING FROM OR RELATING TO OUR 911 DIALING SERVICE.** You shall defend, indemnify, and hold harmless Cyber Solutions, its officers, directors, employees, affiliates and agents and any other service provider who furnishes services to you in connection with the Service, from any and all claims, losses, damages, fines, penalties, costs and expenses (including, without limitation, attorneys fees) by, or on behalf of, you or any third party relating to the absence, failure or outage of the Service, including 911 Dialing, incorrectly routed 911 Dialing calls, and/or the inability of any user of the Service to be able to use 911 Dialing or access emergency service personnel.

1.8 Alternate 911 Arrangements. If you are not comfortable with the limitations of the 911 Dialing service, you should consider having an alternate means of accessing traditional 911 or E911 services or disconnecting the Service.

1.9 Non-exclusive, Non-transferable License; Retention of Rights. The right to use any of the Service granted to the Customer is nonexclusive and nontransferable, and Customer shall prohibit use of the Service by any third party other than Customer for such Customer's internal business purposes. It is expressly understood that title to the Service, any trade names, trade dress, trademarks, service marks, commercial symbols, copyrightable material, designs, logos and/or any other intellectual property belong to Cyber Solutions or its underlying providers and does not pass to the Customer.

Restrictions: Customer shall not:

- (a) copy or adapt the Service for any purpose, except as specifically permitted under this Agreement;
- (b) use the Service except in accordance with all applicable laws and regulations, and except as set forth in any documentation or instructions provided by Cyber Solutions;
- (c) reverse engineer, translate, decompile, or disassemble the Service;
- (d) use the Service in any outsourcing, application service provider, time-sharing or service bureau arrangement, including, without limitation, any use to provide Service or process data for the benefit of, or on behalf of, any third party other than the Customer;
- (e) cause or permit the disabling or circumvention of any security mechanism contained in or associated with the Service; or
- (f) delete, alter, cover, or distort any copyright or other proprietary notices or trademarks.

2. SERVICE

2.1 Terms.

(a) Monthly Terms: Unless 2.1b applies, Service is offered on a month to month basis that begins on the date Cyber Solutions activates your Service, unless activation is delayed due to circumstances beyond the customer's control – then the term starts once the impediment to activation is removed and ends on the day before the same date in the following month; but in all events, billing will commence within six (6) months of execution of the Agreement. Should you postpone the date of activation more than one time, you will be charged two-hundred fifty dollars (\$250) per location for each and every postponement after the first postponement. For purpose of clarity, the preceding sentence does not obligate us to grant a postponement of the activation date. Subsequent terms of this Agreement automatically renew on a monthly basis unless you give us written notice of non-renewal at least ten (10) days before the end of the monthly term in which the notice is given. You are purchasing the Service for full monthly terms, meaning that if you attempt to disconnect Service prior to the end of a monthly term, you will be responsible for the full month's charges to the end of the then-current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will immediately become due and payable. You will also be responsible for the next full month's charges in the event that you do not provide the requisite ten-day notice of disconnection prior to the expiration of the then current term. Expiration of the term, suspension or disconnection of Service will not excuse you from paying all accrued and unpaid charges due under this Agreement.

2.2 Fair Use.

(a) Usage Review. Cyber Solutions reserves the right to review usage of all its plans to ensure you are not abusing them. You agree to use Cyber Solutions Services for normal voice or fax calls and will not employ methods or equipment to take advantage the Services by using the voice or fax services excessively or for means not intended by Cyber Solutions. Cyber Solutions may terminate Service immediately if it determines, in its sole discretion, you are abusing its plans. We reserve the right to at any time enforce this policy. For subscribers where usage to high cost areas (for example such as calls to rural numbers, Alaska or Hawaii) exceeds 5% of total call traffic, or more than 5% of call volume lasts less than 10 seconds, such usage may be deemed excessive in the sole discretion of Cyber Solutions. For such usage, you agree to pay a per minute or per page fee surcharge in excess of established levels at the current Cyber Solutions rate. The surcharge is currently \$0.03 per minute and/or \$0.03 per fax page. This surcharge applies to all plans, including the unlimited plans. Alternatively, in the sole discretion of Cyber Solutions, your Service may be immediately terminated.

(b) Small Business Unlimited Usage Definition: Cyber Solutions' definition of "unlimited usage" is based on the combined number of inbound and outbound voice minutes and fax pages (excluding all Cyber Solutions advertising and informational messages). We reserve the right to at any time enforce this policy in accordance with its terms. If the average voice usage exceeds 3,000 minutes per extension or over 500 fax pages within any thirty-day period, such usage shall be deemed excessive. In that event, you agree to pay a per minute or per page surcharge, which is currently \$0.03 per minute and/or \$0.03 per fax page. This overage fee applies to all plans including the unlimited plans. Alternatively, in the sole discretion of Cyber Solutions, your Service may be immediately terminated.

(c) Enterprise Usage Definition:

- Unlimited usage – all seats with 10-digit telephone numbers come with an acceptable use of 2000 minutes of long distance. The 2000 minutes for each seat are pooled at the group/child account level. If the account has five (5) unlimited seats with telephone numbers, then the account has a total of 10000 minutes of long distance that are shared by the five seats. Outbound long distance (LD) includes calls in the continental US states, Alaska, Hawaii, and Canada.
- Each call path includes 2,000 minutes of long distance. The 2,000 minutes for each call path are pooled at the group/child account level. If the account has five (5) call paths, then the account has a total of 10,000 minutes of long distance that will be shared by all of the hosted seats. Per minute overage charges will apply if the limit is exceeded. Outbound long distance (LD) includes calls in the continental US states, Alaska, Hawaii, and Canada.
- **SIP Trunking** – Unlimited usage - Each call path includes an acceptable use policy of 2,000 minutes of long distance. The 2,000 minutes for each call path are pooled at the group/child account level. If the account has five (5) call paths, then the account has a total of 10000 minutes of long distance that will be shared by all of the DIDs. Per minute overage charges will apply if the limit is exceeded. Outbound long distance (LD) includes calls in the continental US states, Alaska, Hawaii, and Canada.
- **Virtual Fax** – Virtual Fax 500 includes 500 inbound and outbound fax pages. Anything above 500 pages is \$0.03 per page.

2.3 Prohibited Uses.

(a) Unlawful. You shall use the Service and the Equipment only for lawful purposes. We reserve the right to immediately disconnect your Service without notice, if, in our sole and absolute discretion, we determine that you have used the Service or the Equipment for an unlawful purpose. In the event of such disconnection, you will be responsible for the full charges to the end of the current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will become immediately due and payable upon disconnection of your Service. If we believe that you have used the Service or the Equipment for an unlawful purpose, we may forward the relevant communication and other information, including your identity, to the appropriate authorities for investigation and prosecution. You hereby consent to our forwarding of any such communications and information to these authorities. In addition, Cyber Solutions will provide information in response to law enforcement requests, lawful government requests, subpoenas, court orders, to protect its rights and property and in the case where failure to disclose the information may lead to imminent harm to the customer or others.

(b) Inappropriate Conduct. You shall not use the Service or the Equipment in any way that is threatening, abusive, harassing, defamatory, libelous, deceptive, fraudulent, invasive of another's privacy, or any similar behavior. We reserve the right to immediately disconnect your Service without notice, if, in our sole and absolute discretion, we determine that you have used the Service or the Equipment in any of the aforementioned ways. In the event of such disconnection, you will be responsible for the full charges to the end of the current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will become immediately due and payable upon disconnection of your Service. If we believe that you have used the Service or the Equipment in any of the aforementioned ways, we may forward the relevant communication and other information, including your identity, to the appropriate authorities for investigation and prosecution. You hereby consent to our forwarding of any such communications and information to these authorities. In addition, Cyber Solutions will provide information in response to law enforcement requests, subpoenas, court orders, to protect its rights and property and in the case where failure to disclose the information may lead to imminent harm to the customer or others. Furthermore, Cyber Solutions reserves all of its rights at law and equity to proceed against anyone who uses the Service illegally or improperly.

2.4 Copyright; Trademark; Unauthorized Usage of Equipment; Firmware or Software.

(a) Copyright; Trademark. The Service and Equipment and any firmware or software used to provide the Service, or provided to you in conjunction with providing the Service, or embedded in the Equipment, and all Service, information, documents and materials on our websites are protected by trademark, copyright or other intellectual property laws and international treaty provisions. All of our websites, corporate names, service marks, trademarks, trade names, logos and domain names (collectively "marks") are and will at all times remain our exclusive property. Nothing in this Agreement grants you the right or license to use any of our marks.

(b) Unauthorized Usage of Equipment; Firmware or Software. You have not been granted any license to use the firmware or software used to provide the Service or provided to you in conjunction with providing the Service, or embedded in the Equipment, other than a nontransferable, revocable license to use such firmware or software in

object code form (without making any modification thereto) strictly in accordance with the terms and conditions of this Agreement. You expressly agree that the Equipment is exclusively for use in connection with the Service and that we will not provide any passwords, codes or other information or assistance that would enable you to use the Equipment for any other purpose. We reserve the right to prohibit the use of any interface equipment that we have not provided to you. You hereby represent and warrant that you possess all required rights, including software and/or firmware licenses, to use any interface equipment that we have not provided to you. In addition, you shall indemnify and hold us harmless against any and all liability arising out of your use of such interface Equipment with the Service. You shall not reverse compile, disassemble or reverse engineer or otherwise attempt to derive the source code from the binary code of the firmware or software.

2.5 Tampering with the Device or Service. You shall not change the electronic serial number or Equipment identifier of the Equipment to perform a factory reset of the Equipment without our prior written consent. We reserve the right to disconnect your Service if we believe, in our sole and absolute discretion, that you have tampered with the Equipment. In the event of such disconnection, you will remain responsible for the full charges to the end of the current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will immediately become due and payable. You shall not attempt to hack or otherwise disrupt the Service or make any use of the Service that is inconsistent with its intended purpose.

2.6 Theft of Service. You shall not use the Service in a manner calculated to avoid Cyber Solutions policies and procedures. You shall not obtain or use the Service in an improper manner. You shall notify us immediately, in writing or by calling our customer support line, if the Equipment is stolen or if you become aware at any time that your Service is being stolen, fraudulently used or otherwise being used in an unauthorized manner. When you call or write, you must provide your account number and a detailed description of the circumstances of the Equipment theft, fraudulent use or unauthorized use of Service. Failure to do so in a timely manner may result in the disconnection of your Service and additional charges to you. Until such time as we receive notice of the theft, fraudulent use or unauthorized use, you will be liable for all use of the Service using Equipment stolen from you and any and all stolen, fraudulent or unauthorized use of the Service. Cyber Solutions reserves all of its rights at law and equity to proceed against anyone who uses the Service illegally or improperly.

2.7 Return of Equipment. Customers may return Equipment to us and we will also waive our termination fee, subject to the following: Service is disconnected within the first thirty (30) days following the activation of the Service; you return the Equipment to us within fourteen (14) days of the date you disconnected Service; we receive the Equipment in its original condition; you return original proof of purchase (if applicable) with the Equipment, together with the original packaging, all parts, accessories and documentation; and you pay all costs of returning the Equipment back to us.

If you receive Equipment that is visibly damaged, you must contact our customer care department immediately at help@cybsolutions.com or 864-224-0008.

2.8 Ownership and Risk of Loss. If you purchase the Equipment, you bear all risk of loss of, theft of, casualty to or damage to the Equipment, from the time it is shipped to you until the time (if any) when it is returned to us in accordance with this Agreement.

2.9 No 0+ or Operator Assisted Calling; May Not Support x11 Calling. The Service does not support 0+ or operator assisted calling (including, without limitation, collect calls, third party billing calls, calling cards or 900 calls). The Service may not support 311, 511 and/or other x11 (other than certain specified dialing such as 911 and 411, which are provided for elsewhere in this Agreement) Service in one or more (or all) service areas.

2.10 Incompatibility with Security Systems.

The Service may not be compatible with security systems. You may be required to maintain a telephone connection through your local exchange carrier in order to use any alarm monitoring functions for any security system installed in your business. You are responsible for contacting the alarm monitoring company to test the compatibility of any alarm monitoring or security system with the Service.

2.11 Scope of Service.

a) The Service and the Equipment are solely and exclusively for the use of the Customer and shall not be used for any illegal purpose or in any manner inconsistent with the provisions of this Agreement. Customer acknowledges the Service and the Equipment were developed, compiled, prepared, revised, selected and arranged by Cyber Solutions and others (including certain information sources) through the application of methods and standards of judgment developed and applied through the expenditure of substantial, time, effort and money and constitute valuable industrial and intellectual property and trade secrets of Cyber Solutions and such others. Customer agrees to protect the proprietary rights of Cyber Solutions and all others having rights in the Service and the Equipment during and after the Term. Customer acknowledges and agrees that it has no ownership rights in and to the Service and that no

such rights are granted under this Agreement. Customer shall honor and comply with all written requests made by Cyber Solutions or its suppliers to protect their and others' contractual, statutory and common law rights in the Service and the Equipment with the same degree of care used to protect its own proprietary rights, which in no event shall be less than reasonable efforts. Customer agrees to notify Cyber Solutions in writing promptly upon becoming aware of any unauthorized access or use by any party or of any claim that the Service or the Equipment infringe upon any copyright, trademark, or other contractual, statutory, or common law rights.

b) Customer shall not access the Service through any medium or Equipment which Cyber Solutions has not authorized in writing, nor may any medium or Equipment by which the Service is provided be shared, moved, modified, interfaced, copied, broadcasted, reproduced, ported or otherwise routed with or to any other equipment without Cyber Solutions's prior written consent. In addition, Customer shall not move, modify, interface, copy, broadcast, reproduce, port or otherwise use or route the Service or any portion thereof with or to any other equipment, network or software that Cyber Solutions, in its sole good faith judgment, determines is interacting or interfering or may interact or interfere with the performance of the Service or any portion thereof and, from time to time, upon Cyber Solutions's request therefore, Customer shall promptly notify Cyber Solutions in writing of any and all such equipment, network and software. Service expressly provided by Cyber Solutions for operation on Customer's own equipment shall be furnished without warranty as to compatibility, fitness or performance with such equipment, and Customer shall bear all cost and responsibility for such equipment.

Unauthorized access or use is unlawful and Cyber Solutions and its suppliers shall have all rights provided by law to prevent such access or use and to collect damages in such event. Customer agrees to notify Cyber Solutions in writing promptly upon becoming aware of any unauthorized access or use. Customer shall not share, recompile, decompile, disassemble, reverse engineer, or make or distribute any other form of, or any derivative work from, the Services and/or the equipment. Customer may use the Service solely for its internal business purposes and may not use the Service for any development purposes or to develop any applications, software or otherwise that could in any way interact or interfere with the performance of the Service or any portion thereof, except as Cyber Solutions may expressly permit under a separate development license with Customer.

c) The analysis and presentation included in the Service shall not be recirculated, redistributed or published by Customer except for internal purposes without the prior written consent of Cyber Solutions and where necessary, with certain sources of the information included in the Service.

d) Customer shall not use any of Cyber Solutions' or its Affiliated Companies' trademarks, trade names, or service marks in any manner which creates the impression that such names and marks belong to or are identified with Customer, and Customer acknowledges that it has no ownership rights in and to any of these names and marks.

e) Customer acknowledges and agrees that Cyber Solutions may delegate certain of its responsibilities, obligations and duties under or in connection with this Agreement to a third party or an Affiliated Company of Cyber Solutions, which may discharge those responsibilities, obligations and duties on behalf of Cyber Solutions.

3. Equipment

3.1 Equipment Purchases: You may purchase telecom Equipment to utilize the Cyber Solutions Service. You will be deemed to have accepted the items five (5) days after each is delivered and installed, unless you notify us in writing to the contrary. Returns for credit after five (5) days automatically receive a 20% restocking fee, along with an additional 10% fee for each additional 30-day period. If you receive Equipment that is visibly damaged, you must contact our customer care department immediately at help@cybsolutions.com or 864-224-0008. Cyber Solutions may, at your request, facilitate the provision of Equipment from a third-party supplier or resell certain Equipment. Procuring and maintaining that Equipment is your sole responsibility. While we suggest and resell some Equipment brands and facilitate your purchase of some Equipment as an accommodation, the original Equipment manufacturer and not Cyber Solutions shall be responsible for any Equipment defects. Cyber Solutions will pass all original Equipment manufacturer warranties for the Equipment to you and will not have any liability to you regarding such Equipment. Please check the Equipment provider's website for warranty, return rules and other terms and conditions applicable to such third-party Equipment supplier. ALL EQUIPMENT SALES ARE FINAL. Equipment may be returned to the manufacturer in the event of a defect that arises within the applicable warranty period, provided you comply with the terms of this Section and the manufacturer's Return Materials Authorization ("RMA") policy. Prior to returning the Equipment, you must contact Cyber Solutions so Cyber Solutions can determine whether a defect exists and to receive an RMA number, which is required along with the return. You must ship the Equipment to the manufacturer at the address provided by Cyber Solutions in accordance with all RMA procedures. You have 10 days after receipt of an RMA to ship the Equipment back to the manufacturer at the address we provide. You must pay all shipping fees. Once the manufacturer has received the Equipment, the original Equipment manufacturer will deal with the Equipment under its applicable warranty policy.

4. CHARGES; PAYMENTS; TAXES; DISCONNECTION

4.1 Billing. We will bill all charges, applicable taxes and surcharges monthly in advance (except for usage-based charges, which will be billed monthly in arrears, and any other charges which we decide to bill in arrears), including but not limited to: activation fees; monthly Service fees; usage charges; international usage charges; advanced feature charges; advanced features/add-ons; regulatory recovery fee, universal service fund; 911 fees; federal, state and/or local taxes; disconnection fees; and shipping and handling charges. Notification of monthly invoices will be sent to you via mail or your email address on file with us. Any usage charges will be billed in increments that are rounded up to the nearest minute unless otherwise set forth in the rate schedules found on our website.

The above fees are defined as follows:

Activation Fee - This fee covers charges for setting up your account and activating you on our system.

Monthly Service Fee - This is the basic charge associated with your Service. This fee includes the calling charges defined by your plan; the features associated with your plan and basic account Service.

Usage Charges - If you exceed the number of calling minutes on your plan, Cyber Solutions will bill you for the minutes you use above your allowance. Cyber Solutions also bills for calls to directory assistance and other information services.

International Usage Charges - These are the fees associated with calls to locations outside of the US, and Canada.

Advanced Features, Add-Ons, Premium Services – Cyber Solutions charges additional fees for enhanced features and services such as Virtual Phone Numbers.

Universal Service Fund - The Universal Service Fund (USF) provides support to promote access to telecommunications services at reasonable rates for those living in rural and high-cost areas, income-eligible consumers, rural health care facilities, and schools and libraries. All telephone companies that provide service between states and internationally, including wireless companies, must contribute a percentage of their revenues derived from these services to the USF.

Taxes – Cyber Solutions is required to bill and collect local, state and federal taxes imposed on Cyber Solutions customers by the various taxing authorities. Cyber Solutions passes all taxes it collects on to the appropriate taxing authority.

911 Fees - State and/or local governments may assess fees on Cyber Solutions to pay for emergency services in your community. Cyber Solutions bills and collects 911 fees from its customers and remits such fees to the appropriate authority. Depending on where you live, these fees can vary widely. Cyber Solutions is committed to supporting public safety services and resources in your State.

4.2 Billing Disputes. You must notify us in writing within thirty (30) days after receiving your statement if you dispute any Cyber Solutions charges on that statement or you will be deemed to have waived any right to contest such charges. All notices of disputed charges should be sent to:

**Cyber Solutions
299 East Greenville St
Anderson SC 29621**

4.3 Payment and Collection.

(a) Payment. We bill in advance, except for usage on a monthly basis. Payment is due upon receipt. If payment is not received by the due date, a late fee of 1.5% of the unpaid balance will apply.

(b) Collection. If your Service is disconnected, you will remain fully liable to us for all charges pursuant to this Agreement and any and all costs we incur to collect such amounts, including, without limitation, collection costs and attorney's fees.

(c) Notices. Cyber Solutions will provide ten days advance notice prior to disconnection of service.

4.4 Disconnection; Discontinuance of Service. We reserve the right to suspend or discontinue the Service generally, or to disconnect your Service or a service component, at any time in our sole and absolute discretion. If we discontinue the Service generally, or disconnect your Service without a stated reason, you will only be responsible for

charges accrued through the date of disconnection, including a pro-rated portion of the final month's charges. If your Service is disconnected on account of your breach of any provision of this Agreement, you will be responsible for the full charges to the end of the current term, including, without limitation, unbilled charges, plus the termination fee, if applicable, all of which will immediately become due and payable. Cyber Solutions will pursue collection for unpaid amounts on disconnected accounts and may report to credit bureaus.

4.5 Taxes. State and local governments may assess taxes, surcharges and/or fees on your use of Cyber Solutions Service. These charges may be a flat fee or a percentage of your Cyber Solutions charges and may change from time to time without notice. These charges are based on the rates applicable to the address you provided to us. You are responsible for all applicable federal, state, provincial, municipal, local or other governmental sales, use, excise, value-added, personal property, public utility or other taxes, fees or charges now in force or enacted in the future, that arise from or as a result of your subscription or use or payment for the Service or equipment. Such amounts are in addition to payment for the Service or equipment and will be billed to you as set forth in this Agreement. If you are exempt from payment of such taxes, you must provide us with an original certificate that satisfies applicable legal requirements attesting to tax exempt status. Tax exemption will only apply from and after the date we receive such certificate.

4.6 Charges for Directory Calls (411). We will charge you \$1.00 for each call made to directory assistance.

4.7 Charges for Operator Assisted Calls (0). We will charge you \$3.00 for each call made to operators asking for assistance.

5. LIMITATION OF LIABILITY; INDEMNIFICATION; WARRANTIES

5.1 Limitation of Liability. We will not be liable for any delay or failure to provide the Service, including 911 Dialing, at any time or from time to time, or any interruption or degradation of voice quality that is caused by any of the following:

- o an act or omission of an underlying carrier, service provider, Cyber Solutions or other third party
- o equipment, network or facility failure
- o equipment, network or facility upgrade or modification
- o force majeure events such as (but not limited to) acts of God, acts of nature, strikes, fire, war, riot, acts of terrorism and government actions
- o equipment, network or facility shortage
- o equipment or facility relocation
